10. Wellbeing of our residents

Question 9a: Do you have any comments on these policy approaches?

Please provide comments (250 words max):

10b/5 Providing strategic car parking provision through consolidation of existing parking freeing up land for other uses.

Will the strategic car parking provision take into account the town centre venues, such as those used for concerts? There are no evening busses to serve these venues, so sufficient nearby parking is essential, especially for older residents. I am speaking on behalf of St James Church, which in addition to a regular membership of 200, can see attendance at concerts of up to 300 people. The closure of Coal Orchard car park has caused great inconvenience for many people attending events at the church.
